ATTEND FUNERAL SERVICE WHERE WEDDING WAS HELD

Huntington, W. Va., May 10—In the same church where occurred the wedding in February, of Miss Eloise Hughes, daughter of Congressman James A. Hughes, of this city, and Loucien P. Smith of Morgantown, on next Sunday, memorial services will be held for the young bridegroom who lost his life in the Titanic disaster.

Attending the services will be the same people who were guests at the wedding a little over two months ago. Following the memorial Mrs. Smith will accompany her brother-in-law to Morgantown, where a settlement of the estate will be made. Smith's estate is valued at over $1,000,000.

It will be remembered that Lucien P. Smith who lost his life was a relative of George Moore of Monessen, associated with Tom P. Cowan in the Bijou and other moving picture enterprises of this valley.

Tomorrow's Great Game

Tomorrow, Saturday, is scheduled as a great day in the baseball arena of Monessen when the Page mill team is to cross bats with the well known Pittsburgh A. A. team, and interest is running high as a fine game is being anticipated.

It will be remembered that these teams met last season in a twelve inning game and at the finish the score was 7 to 3 in favor of the visitors. It was among the seasons best game and one of equal interest is looked for tomorrow.

The local team are in constant practice and are arranging a strong lineup for the coming game, and it is a sure thing that Pittburgh people will bring the best they've got, so something exceptionally good is sure to be handed out.

Good Bill O'fare at Olympic

The Ovmpic Theatre has for tonight and Saturday the strongest vaudeville bill which it has yet had, judging from the rehearsals this morning after the arrival of the people. Eight people in the various numbers, and each and very one good. The motion picture program is fully as strong as ever. Monday we will have in addition to our regular strong picture bill "The Adventuress," absolutely one of the best love dramas in two reels.

Tuesday, "Call No 13," another strong special in two reels. Thursday, "The Land of Darkness," an excellent picture in addition to our regular program. 1t

Be sure and see the strong vaudeville bill at the Olympic tonight and Saturday. 1t

ANOTHER BIG MILL TO BE PUT IN OPERATION

The most important new project in the steel industry for a decade came to light yesterday with the announcement that Ferdinand Schlesinger of Milwaukee and capitalists associated with him have purchased a site of 415 acres within the limits of Hammond, Ind., on which to construct a modern plant at a cost of approximately $11,000,000. The full operating force will be 3,000 men.

The transaction as closed calls for possession of the site July 1. The work of construction will begin soon thereafter and the plant will be completed in about two years. The beginning of work is contingent on certain municipal improvments by the city of Hammond, and it is said there will be no controversy about that.

Mr. Schlesiner is one of the pioneers of the Mesaba and Northwestern ore district and is looked upon as an eminent authority on ores. His fortune, accumulated within a few years, measures up well to the fortunes of other well known steel magnates.

The product of the plant will be similar to that of the Inland Steel Company at Indiana Harbor. The decision to locate the plant at Hammond means much for the Chicago industrial district southeast of the city. It is an addition comparable with that of the Baldwin Locomotive Works.

The works will be served by the New York Central, the Baltimore and Ohio. Pennsylvania, Chicago and Northwestern Railway, Chicago, Milwaukee & St. Paul, Indiana Harbor Belt Railway, Baltimore and Ohio Chicago Terminal, Pere Marquette and Wabash. Hammond is located along the lake shore midway between Gary and Chicago. There are many once Monessen people both at Hammond and Gary, engaged in mill work, and no doubt the erection of this new plant will eventually take many more mechanics, laborers and office men from our midst, as Monessen folk have many friends there already, who are highly pleased with the healthfulness of those new and progressive mill towns.

LITTLE GIRLS MYSTERIOUSLY ASSAILED

Two strange stories comes from Kittanning. A few days ago little Miss Elizabeth Cook aged 10 years, was attacked by a stranger in the basement of the school building, and while the child in giving her testimony stated that the man did not offer any violence but he did ask her strange questions about a ring he said had been stolen from one of the teachers. A man named Morris Coughlin was arrested on suspicion, but sufficient direct evidence could not be found to hold him.

Sunday, little Miss Catherine Carmody, aged 8 years, on her way home from church, stopped in front of the Baptist church to pick wild flowers. A strange man stepped up, admired her boquet and asked her to come and he would show her where to get lots of pretty flowers. In her innocence the child accompanied him into the basement of the church. It was 12 o'clock and services were going on in the auditorium above. The child was led into the toilet room where, it is alleged, the man began to unfasten her clothing. She began to cry and struggle, and through fright, the man released his hold, but not until the child's clothing were badly torn and disarranged. All possible effort is being made to capture this mysterious offender, and the entire community is in a state of fear and refuse to let children go on the streets alone.

In addition to the Grand Officers of the K. of P. mentioned in a recent issue who will be here at the conferring of degrees this evening, there will be Grand Prelate A. H. Clark and several other prominent Knights. Large delegations will arrive this afternoon and early evening and the meeting will open in the Elk's hall at 7 o'clock. An open meeting will be held in the opera house, after at which time a musical and vocal program will be rendered and speeches made by the Grand Officers.

CHRISTIAN ENDEAVOR SOCIETY MET AT FERREN'S

The members of the Christian Endeavor Society of the Presbyterian church met last night at the home of A. W. Ferren on McKee avenue and held a business and social gathering. Games, music, etc., were indulged freely after the transaction of business and a fine lunch was served in the mean time. There were about fifty persons present and a most royal good time was enjoyed. This Association has grown rapidly during the past year and the work in their care has prospered wonderfully. One feature considered last night was that of missionary work, a special feature along their line of operation being the sending of spoons, knives, forks, etc., into the mountainous missionary fields of North Carolina. Each individual member contributes some article and they are sent to be used by the mountaineers in their primative homes among the hills. This is a great work and this church organization is doing its share in helping it along.

Vaudeville Next Week at Star

Monday of next week, Manager McShaffrey presents a refined vaudeville bill including Joseph Henley & Co. in a unique protean playlet, "After Ten Years;" Stanley & Hayden in a comedy black face minstrell act; Hilda Peterson, the Gypsie violinist and Carl Borden in a noveity act, with two reels of motion pictures, making a very strong and interesting program. We will give only one performance on Tuesday evening on account of giving way to the Riverside Athletic Club, which has the house leased at 9:45 for their athletic entertainment. 1t

Girl Senseless From a Poison

Annie Hortnoik a pretty little girl, only 15 years of age, was found in a precarious condition yesterday morning at 1 o'clock on the front porch of a residence in McMahan. The girl was suffering from the effects of a tablet of bi-chloride of mercury taken internally, and it is thought at the order of Sam Pubos, aged 20 years who it is alleged, betrayed the girl last November, who ran away and when the case against him was dropped returned here and resumed his attentions toward the girl.

They were both employed in a local restaurant and on Wednesday morning the girl's mother turned her out of the house. She was taken in charge by Pubos who enticed her out into a deserted portion of town and after taking her pocket book with a few cents is alleged to have given her the poison which she took, thinking it would relieve her suffering. The young fellow becoming frightened at his deed, returned to Monessen for a doctor and after working over the girl for four hours she was finally brought around. Pubos and a companion were arrested immediately after the girl's condition was discovered and charged with being suspicious characters until a serious charge was preferred against him by the girl's brother yesterday afternoon.

The hearing was scheduled for this morning before Squire Watkins, but owing to the intense feeling over the affair it has been postponed until a later date. According to advices gleaned from witnesses the case is a pretty strong one against the young man, especially since the girl is less than 16 years of age.

Only daily paper published in Westmoreland county in the upper section of the Monongahela valley.

It is becoming more and more apparent that the English sparrow is one of the worst nuisances of the country. It not only devours food that should go to poultry and other birds, but is the greatest offender in carrying San Jose scale, and it drives off other birds, destroys their eggs and kills their young. Prof. H. A. Surface, State Zoologist of Pennsylvania, Harrisburg, says that he has seen the English sparrow in the act of committing such depredations. He relates having seen the English sparrow dropping very young and helpless "fly catchers" from the nest.

English sparrows are now nesting around the premises, and it is desirable to let them nest in places that are readily accessible, and wait until their eggs are about ready to hatch, and then destroy the nests by gathering them and burning them. Merely to throw them down leaves a lot of good nesting material that will make it easy for the sparrows to gather in reconstructing the nests in places more difficult to reach. Where upper corners of houses project in such a way as to give the sparrow a nesting shelf, this should be covered with wire netting, as should holes in the sides of a buildng, spaces under rafters of barns, etc.

The English sparrow should be poisoned by soaking wheat in a solution of strychnine and water, letting it dry and then mixing it with several times its bulk of unpoisoned wheat, and putting it all on the roof of a building or at some place where poultry can not reach it. If some of the sparrows become too shy to take the poison they can be fed for some day on unpoisoned wheat, when the poisoned grain can again be substituted, and a wholesale destruction take place.

Care should be taken to avoid killing the song sparrows and other beneficial birds in mistake for the English sparrow. This has been done recently in some parts of the country.

A New Ice Cream Factory

A new ice cream factory is an acquisition to Monessen's business enterprises, operated by Parnelli Bros., the well known proprietors of the Monessen Wholesale Commission House. The new factory is located at 249 Schoonmaker avenue and is now ready for business. Messrs. Parnelli are themselves experienced in the ice cream and confectionery business, but they have procured the services of a man with ten years actual practical experience to manage the business and the public is assured the very best of service and a product that cannot be excelled anywhere, no matter by whom or what the reputation. This firm will do a wholesale business only, and will cater to parties, picnics, socials, festivals, etc., where cream is used in quantities. All flavors will be handled, also bricks will be furnished on order, and the right prices will prevail at all times.

The Parnelli's are well known here, having come to Monessen when it was first started and been in business here constantly ever since. So their stability can be relied on wholly. They have a nice factory and invite the public to call and get acquainted in a business way.

Product of Inventive Genius

A young employe at the Pittsburgh Steel mill, of quite an inventive turn, has long been working on what will be a very valuable invention if he once reaches the point of completion and perfection aimed for. This is a sort of a self-acting motor to be used for the purpose of automatically lighting small boats or yachts on the river; it is also capable of being used as a generator and various other purposes. The contrivance has been christened "The Bucking Broncho," from the reason, we presume, that it works backward as well as forward if anything, a little better. In fact it sometimes side steps a little, and very muchly resembles the obstinate beast of the plains for which it was named. Of course these little side issues only bob up when the blamed thing gets a little contrary like a gas engine. At other times it is alright, and everybody believes the young man will actually make a fortune after he gets his patent through the govenment offices at Washington City. Many are the complimentary comments already received, and even offers of financial aid from a number of millionaires to help him push the Broncho to completion and practical use. Good luck to "The Bucking Broncho" and its keeper.

There will be a meeting of the members of the Presbyterian team of the Church League this evening at 8 o'clock in the office of the East Side Land Co., for the purpose of electing a captain and in order to complete arrangements for the opening game Tuesday with the Methodists.

Charleroi is to have a curb market, an ordinance setting aside a portion of one street for this purpose having been passed by the borough council Tuesday night and signed by the burgess Wednesday morning. Tuesdays and Saturdays have been set apart as market days, the hours being between 4 o'clock, a. m., and 1 p. m.

The borough officials of Donora have filed with the clerk of courts at Washington a certified copy of an ordinance recently passed by the council, extending its municipal lines. The new lines will take in the town of West Columbia, thus wiping out that community so far as name goes and adding considerable to Donora's population and acreage.

FINDS WIFE AND CHILD AFTER LONG SEARCH

Denver, Col., May 10.—A ten month's search for his wife Mrs. Elizabeth Vearsen and a friend who used his hospitality to destroy his happiness ended in Colorado Springs yesterday when Gustave Vearsen a miner whose home is in West Monessen, discovered them in a rooming house and snatching his 5-year-old daughter from the arms of her mother ran through the streets pursued by the screaming woman and a crowd to the Courthouse, where he placed the little one.

The County Judge, who had been previously advised of the case, will decide who shall have the child after hearing both parents.

The Luther League of the English Lutheran church will hold a Name Social, this evening in the church. A varied program has been arranged and a pleasant evenings entertainment is assured all who attend. One cent for each letter of your name will be charged as an admission fee. Everybody is welcome.

The opening of the great Panama Canal will effect a saving in distance, of 6,200 miles between Europe and San Francisco of 1,600 miles between England and New Zealand, and of about 2,400 miles between New York and Australian ports.

Mrs. Elizabeth Hartley of 617 Crest avenue, Charleroi has announced the marriage of her daughter, Miss Marguerite, to Louis Sauers of Monessen, the event to take place Thursday, June 6, Rev. J. T. Hackett of Charleroi is to perform the ceremony.

WHY CHILDREN ARE PUNY

Need More Food — Richer Blood. Better Appetite

Anxious parents often wonder why their children are so thin, pale and nervous and have so little appetite.

Growing children need "lots" of food. They use so much energy in play, and their growing bodies require so much more, that unless they eat heartily they are bound to suffer.

A Bloomfield, N. J., mother, Mrs. E. W. Cooper says: "My little girl had a bad cold and was run down in health for six weeks. Then I gave her Vinol and it was a wonderful help, breaking up her cold quickly and building up stength besides. I have also found Vinol an excellent tonic for keeping up children's strength during whooping cough."

Our delicious tonic, Vinol, is a wonderful appetizer and you can see children improve day by day under its use. It enriches the blood and builds up the body, making pale, delicate children rugged and rosy.

We guarantee Vinol to do this, if it does not, you get your money back. Hirsch Drug Co., Monessen, Pa.

Most disease comes from germs. Kill the germs and you kill disease. Conkey's Nox-i-cide mixed with water and kills the germs. For Poultrymen, Stockmen and Housekeepers. For sale and guaranteed by Craig's Drug Store, 416 Donner avenue.

BIJOU

Tonight and for the remainder of the week we have secured an attractive array of pictures and if you want to see what is what in photo plays you will make no mistake in coming to the Bijou where the admission is always the same, 5 cents. 87-3t

Andy Muchenski, aged about 26 years old, a Pole of Charleroi died at the Memorial hospital, Monongahela, a few hours after being taken there Tuesday afternoon, suffering from injuries received at the Catsburg mine. He was a driver at the Catsburg mine. The mule ran off and he was caught in a narrow place by the car and terribly crushed. The funeral was held today.

Gibson Bell of East Pittsburgh is a guest for a short time at the home of Alexander Boag and family on Ninth street Mr. Bell is just out of the Braddock hospital where he underwent an operation for appendicitis, and while there he was attended by Miss Mena Anderson of Monessen, who is a nurse in that institution.
